

BASEBALL is a much loved sport in many nations, but of particular interest in several countries: the United States, where the game was invented; in Cuba and Nicaragua (many U.S. baseball players have come from the Caribbean and Central America); and in Japan.

An array of stamps, covers, and special postmarks and cancellations from the United States, Cuba, Nicaragua, and Japan are shown in this exhibit, along with philatelic items from some other countries.

A first day cover for the U.S. Baseball Centennial stamp of 1939
