

Appendix C

Via Panama Sailings, 1849 to 1861

This appendix includes sailing information for ships carrying post office mails sent via Panama between San Francisco and New York City as well as a sample of early trips to New Orleans (pages 252 and 253). Each trip is numbered with year, direction and trip number within that year. So, trip "1851 E-5" would be the fifth mail carrying trip from San Francisco in 1851. Westbound trips are not included as arrangements for mail varied considerably depending on the port of mail departure. The general schedule for mail departures from New York, Charleston, Savannah, New Orleans and Panama from January 1850 is described in the Postmaster General notice shown on following page.

Information on the first line of each eastbound trip includes the departure date, name of ship, and date of arrival in Panama City. After carriage across the Isthmus of Panama, the mail was transferred to a ship operating in the Atlantic Ocean. The second line includes the date of departure from either Chagres or Aspinwall as specified, the name of the ship, and the ship arrival date in New York City. When two ships are listed on a single line, it indicates that mail was transferred from the first ship listed to the second. The specifics are mentioned in the notes column.

An "x" in parenthesis after a ship name in the "notes" column means that the trip was an extra. The departure date is given. In general these extra vessels did not carry post office letter mail but, unless specifically mentioned, they may have carried some letter mail and/or newspapers. It should be remembered that these extra vessels often carried letters and other mail matter for the various express companies. If such letters entered the US mails before delivery, they bear postmarks other than San Francisco postmarks..

Abbreviations - Steamship Companies	Abbreviations - Places
A&PSS - Atlantic and Pacific Steamship Co (Vanderbilt)	ASP - Aspinwall
ECL - Empire City Line	CHA - Chagres
H&A - Howland & Aspinwall Atlantic Line	CRL - Charleston
LL - Law Line	HAV - Havana, Cuba
NASC - North Atlantic Steamship Co.	KIN - Kingston, Jamaica

NOTICE TO THE PUBLIC, AND INSTRUCTIONS TO POSTMASTERS.

THE CALIFORNIA AND OREGON MAILS, VIA HAVANA, CHAGRES, AND PANAMA, will be despatched from New York on the 13th of December next; from Charleston (S. C.) and Savannah (Ga.) on the 16th; from New Orleans on or about the 15th; and from Havana, at which point the steam packet from New York and that from New Orleans will connect, the mail will depart on the 19th of December direct for Chagres, reaching Panama overland in due time for the Pacific steam packet to leave that port for San Francisco on the 1st day of January next.

In January next semi-monthly service will be put in operation between New York and Chagres; and steam-packets will leave the different ports during the ensuing year, agreeably to the following schedule:

New York on the 13th and 28th of each month; Charleston and Savannah on the 16th and 31st (or first) of each month; New Orleans on the 15th and 30th; Havana on the 19th and 4th; and Panama on the 1st.

They will leave San Francisco on the 1st of each month; Chagres on the 13th and 1st of each month, with privilege, if San Francisco mail is received in time, to leave on the 28th instead of the 1st.

Leave Havana for New York on the 19th and 6th of each month, with privilege of leaving on the 4th, instead of the 6th, if the Chagres mail has arrived; and also for New Orleans on the same dates.

The entire postage for a single letter not exceeding half an ounce in weight, will be 12½ cents to Havana; 20 cents to Chagres; 30 cents to Panama, to be prepaid in all cases; and 40 cents to Monterey, San Francisco, Astoria, or any other point in California or Oregon, to be prepaid or left unpaid, at the option of the sender; newspapers and pamphlets sea postage three cents each, and inland postage to be added.

J. COLLAMER, Postmaster General.
POST OFFICE DEPARTMENT, November 15, 1849.
Nov. 17-31

In 1849 Postmaster General Collamer published several notices to the public that detailed the new arrangements for the Pacific mails. His November 17, 1849 notice shown above outlines the schedule for both eastbound and westbound mails effective January 1850.
