Post Office br. 226523
 Cheltenham DO, Swindon Road,
 GL50 488
 GLOUCESTER postcode area
 1st Class PAID
 Sep 6, 2010
 Revenue Protection service label probably
 • Appears to be rare •

■ A story of RM self-adhesive postage & service indicator labels (computer overprinted at the point of sale) began in Feb 2002. Horizon is the name of Post Office Ltd's operational computer system. Presentation purpose is to show a diversity of overprints and label designs by some interesting and uncommon examples. 74 of 86 represented labels are all different. Most of label color varieties are shown but are not finally researched yet.

Special study is included the print errors first reported and recorded by owner (Horizon Label Collector's Album (HOLCA 2017); Horizon Label Check List: 2010 (6 Apr) Rates).

Horizon label designs are:

- Plain white label without security slits (2002-02 Design),
- Plain white label with security slits (2002-04 Design),
- Machin gold perforated label (2009 Design),
- Machin gold straight edged label with 4-sided die cut pattern (2010 Design),
- Machin gold straight edged label with 2-sided die cut pattern (2011 Design),
- Machin white label (2015 Design),
- Machin white Post&Go label (2016 Design).

Gold straight edged label is **2010 Design** if overprint has not accounting codes (after 'Royal Mail' and 'POSTAGE PAID UK') because accounting codes were introduced in Sep 2011 while **2011 Design** was introduced in Nov 2011.

Display sheets are organized in alphabetical order of postcode areas.

<< Any item bearing two labels "will be treated as suspicious and will be investigated". >>
