CONDITIONS OF SALE

1. Lots are sold to the highest bidder at a slight advance over the second high bid. All bids will be held confidential. "Buy" bids cannot be accepted. In case of tie, the first bid received prevails.
2. All bids are per lots as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect, is returnable, but only within five days of receipt. All disputed lots must be returned intact as received and lots containing five or more items are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. We do not regard covers as defective that have slightly torn or partially missing backflap. This factor is not justification for return of a lot or lots.
4. Successful bidders, unless they are known to us or supply acceptable references in time to be properly checked are expected to make payment in full before the lots are delivered. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account, the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00. In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Richard C. Frajola, Inc. on behalf of the seller.
9. A premium equal to 10% of the successful bid price will be added thereto and is payable by the buyer as part of the total purchase price. The mode of shipment shall be at our option. All forwarding charges will be added to the purchase price.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale. Photocopies of lots are available at 25¢ per copy, maximum 10 copies, and stamped self addressed return envelope required.
11. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
12. Telephone bids are entered when received but must be followed up by written confirmation of the bidder.
13. Unless otherwise noted Catalog numbers refer to current Scott U.S. Specialized Catalog, and other references work as indicated.
14. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

Condition

Condition grades mentioned in the description refer to overall appearance of the item. On covers bearing adhesives, expect normal average centering or margins for the particular issue, only when adhesive condition is above the normal will it be specifically described. File folds on folded letters that do not detract from appearance are not mentioned, nor are missing back flaps on covers if no postal markings are affected.

extremely fine—the best possible condition

very fine—pleasing appearance with all markings well struck

fine—averages appearance for period, markings readable

about fine—somewhat below average, markings partially readable

Estimates

Following each lot is an estimate of what, in the auctioneers opinion, the lot should realize. This is provided as a guide to bidders. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding. Cat. when noted refers to catalog value rather than estimate.

Telephone Bids

Late bids may be placed by phone, on the day of the sale, by calling the Danbury Hilton Inn at (203) 794-0600. Please ask for Richard C. Frajola, Inc. extension.

SCENE AT THE SAN FRANCISCO POST-OFFICE.

HOW WE GET OUR LETTERS. 36

THE above illustration will be recognized as a correct Post-Office scene upon the arrival of the mails from the Atlantic. An interval of two weeks elapsing from the arrival of one mail to another, creates an anxiety to hear from home that can scarcely be comprehended by other than residents of California. At an early hour of the morning on which it is announced the mails will be ready for delivery, anxious faces commence forming in the lines leading to the various deliveries, and by 8 o'clock the whole interior of the spacious building is completely jammed with persons, as well as the streets adjoining. The letters are generally delivered with all possible dispatch, yet evening will often find the different lines but little shortened, and the wait sometimes continues for three days.

Persons in the Atlantic States will readily understand the disappointment a friend here experiences at being told at the window, after undergoing for three or four hours the prosecution of being jammed and jostled by an anxious crowd, exposed to a burning sun or the freezing and disagreeable winds which at seasons sweep round the corners of our streets, carrying with them clouds of dust—yes, at being told by the clerk that there is nothing for him. The announcement falls hardly upon his ear, and with the speed of thought settles upon his countenance a shade of gloom and disappointment. On the other hand, should a letter be handed him, it is refreshing to note the gleam of joy that sparkles in his eyes, and the smile of thankfulness that beams upon his face, as he places the sacred epistle in his pocket, and walks hurriedly away. Friends in the Atlantic States, could they but for a moment witness the scene so perfectly represented by the artist in the sketch above, and watch the anxiety depicted in the features of each figure slowly working his way to the delivery, we think they would be more punctual in their correspondence, for it would be no pleasing sight to notice the disappointment of a husband, a father, a brother, or a friend, caused, perhaps, by their negligence.

United States Postal History Documents Current Titles Available

The Postal History Of Indiana by J. David Baker

The most comprehensive state postal history yet published and a fine guide to any state. 1976, two volumes, 1,100 pages plus microfiche, cloth, edition 750 sets. \$75.00 set.

Unites States Letter Rates to Foreign Destinations, 1847 to GPU-UPU by Charles J. Starnes

Detailed rate tables from the U.S. to every country in the World for all mail systems with appendices covering British Treaty Mail via Marseilles, French postal charges on letters from the U.S., Bremen transit charges, PUP entrance dates, etc. 1982, 160 pages, 58 illustrations, cloth, edition of 1,000. \$27.50.

The following are top quality reprints of original Post Office Department documents and handbooks. The volumes are hardbound in library buckram and make a worthwhile addition to the library of the serious student of United States Postal History. Original copies of these documents can be difficult to locate, expensive to obtain and fragile to handle. Considerable savings can be realized with these reprints, along with obtaining a good sturdy copy.

American State Papers, Post Office Department, 1788-1833

A small atlas size volume, it includes various lists of post offices from 1789 to 1830. It has a wide variety of reports and documents on the POD, a wealth of early postal history. \$85.

Postal Laws & Regulations of the USA, 1832 & 1843

These are two important handbooks of the stampless period, bound in one volume. Original copies are difficult to obtain. \$40.

Postal Laws & Regulations of the USA, 1847

The first PL&R handbook published after postage stamps were issued. It contains the new postage rates and the first steamship and American packet rates. \$40.

Pratt's Post Office Directory, 1850

A very accurate list of post offices during the 1847 era, it also contains foreign postage tables under the new British Postal Convention of 1849. \$35.

Postal Laws & Regulations of the USA, 1852

This is the new handbook issued after the rate changes and issue of 1851. This volume also contains the newspaper clipping file pertaining to postal laws and foreign mail rates from 1853 to 1859, of Horatio King, Assistant PMG, \$45.

List of Post Offices and Postal Laws & Regulations of the USA, 1857

A wonderful handbook containing both a list of post offices and the PL&R. This volume is the first produced after the French Postal Convention of 1857, and has an up-to-date foreign postage table that includes the French mail rates. \$40.

List of Post Offices in the USA, 1862

This list of post offices specifies those that were under Confederate control. There are also several important POD issued pamphlets of 1861, 1863, 1864, and 1865. \$55.

Postal Laws & Regulations of the USA, 1866

This was the first PL&R after the Civil War and the first since 1859. It contains much excellent information and has up-dated foreign mail rates, etc. \$40.

The United States Postal Guide and Official Advertiser, 1850-1852

A complete two year run of this monthly that is very similar to the U.S. Mail & Post Office Assitant. A wealth of information that bridges the 1847 to 1851 period. Two volumes, \$100.
