## CONDITIONS OF SALE

1. Lots are sold to the highest bidder at a slight advance over the second high bid. All bids will be held confidential. "Buy" bids cannot be accepted. In case of tie, the first bid received prevails.
2. All bids are per lots as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect, is returnable, but only within five days of receipt. All disputed lots must be returned intact as received and lots containing five or more items are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. We do not regard covers as defective that have slightly torn or partially missing backflap. This factor is not justification for return of a lot or lots.
4. Successful bidders, unless they are known to us or supply acceptable references in time to be properly checked are expected to make payment in full before the lots are delivered. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account, the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00. In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Richard C. Frajola, Inc. on behalf of the seller.
9. A premium equal to 10% of the successful bid price will be added thereto and is payable by the buyer as part of the total purchase price. The mode of shipment shall be at our option. All forwarding charges will be added to the purchase price.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale. Photocopies of lots are available at 25¢ per copy, maximum 10 copies, and stamped self addressed return envelope required.
11. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
12. Telephone bids are entered when received but must be followed up by written confirmation of the bidder.
13. Unless otherwise noted Catalog numbers refer to current Scott U.S. Specialized Catalog, and other references work as indicated.
14. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

Richard C. Frajola, Inc.

### Condition

Condition grades mentioned in the description refer to overall appearance of the item. On covers bearing adhesives, expect normal average centering or margins for the particular issue, only when adhesive condition is above the normal will it be specifically described. File folds on folded letters that do not detract from appearance are not mentioned, nor are missing back flaps on covers if no postal markings are affected.

very fine—pleasing appearance with all markings well struck

fine—averages appearance for period, markings readable

about fine—somewhat below average, markings partially readable

### Estimates

Dated between May, 1846, when they left St. Louis, and a March, 1848 letter which gives an eyewitness account of the Battle of Santa Cruz (fought 42 days after the signing of the Peace treaty) these well written letters describe trail life and the many battles. The August 22, 1846 letter, dated from Sata Fe on **the day the Americans took possession of Santa Fe** mentions "Genl. Kearny marched into town without firing a shot. He made an address that he took possession in the name of the U.S.," the three following letters are also dated from Santa Fe; in January, 1847 the brothers wrote from Paso Del Norte (accompanying Col. ## REGISTERED MAIL

A frequent complaint against the Post Office in the first half of the eighteenth century was that mail containing money or other valuable items failed to reach its intended destination. The Act of March 3, 1855, effective July 1, 1855, provided for the registration of valuable letters for a fee of five cents. Prior to this date, however, systems were in place at several post offices for keeping track of valuable mail. The system used at Philadelphia from late 1845 included the placing of an "R" handstamp on valuable mail for delivery in Philadelphia. Although several "R" covers to Philadelphia have manuscript notations that indicate they were recorded at the point of mailing, many have none. These were probably separated from the regular mail or marked as valuable on attached slips.

The Philadelphia "R" handstamps used from 1845 to 1854 were struck in red or blue during periods that largely corresponded with the use of red or blue postmarks in Philadelphia. Two different size handstamps were employed. The types, colors, and periods of usage are noted below.

R TYPE, COLOR	KNOWN DATES
1. Large Blue	10/29/45 to 10/10/49
2. Small Blue	10/19/49 to 6/19/51
3. Large Blue	6/24/51 to 7/12/51
4. Small Red	11/4/51 to 2/27/52
5. Large Red	5/10/52 to 9/14/52
6. Small Red	9/14/52 to 6/6/54

Turn back the invading foe.  
The sunny land mine—aye—be free  
The blood of thousands flow!  
Shall we, who worship only God,  
To a despotic hand our knees?  
No! as I men of the South arise,  
AND TRUTH FOR WILL BE FREE.
