FLY HIGH WITH PHILATELY!

ARIPEX '89

January 13, 14 & 15, 1989

TUCSON, AZ

Plan now to take a winter vacation in sunny desert and mountain-surrounded Tucson, Gem city of the Southwest, to enjoy **ARIPEX 1989**. **ARIPEX**, one of the leading highly-innovative philatelic exhibitions of the country, and a World Series of Philately show, again will offer on Jan. 13, 14 and 15, 1989, new, varied and unusual attractions for stamp, cover and postal history collectors of all ages.

Ever attend a Smithsonian Philatelic Exhibition in the West? Fly to **ARIPEX '89** and see the fascinating early relics and airborne covers of the first U.S. attempts to fly the mail.

Ever attend a "Bring and Brag if you got 'em" postage stamp-box exhibition — with an expert to explain them to you? Wing it to **ARIPEX '89** and open the lid.

Ever attend National Meetings of the U.S. Philatelic Classics Society, and the United Postal Stationery Society, both outstanding in their fields, and complete with seminars, slide talks, exhibits and social affairs? Soar to **ARIPEX '89** and meet fellow members and experience your societies' activities.

Ever see a stamp exhibition where 1/3 of the exhibit frames are devoted to completely OPEN non-conformist exhibits covering such exotic fields as gold prospecting, alcohol abuse, American newspaper history, mining coal, diamond fever, modern postal history and other far-out subjects? See this experiment in popular-appeal exhibits for yourself, and judge how they compare in interest with the balance of the frames shown under the traditional exhibit rules! Jet out to **ARIPEX '89**, watch the fun, and see if you can pick the OPEN class winner which will collect the special award for public appeal!

Many other events will reward your trip here — an unusual talk on Valentine Collecting by Joy Tinsley, a feature talk by Curator Jim Bruns of the Smithsonian, an interestingly produced and conducted youth display, and educational section, meetings of the Canal Zone Study Group and the Mobile Post Office Society, over 50 bourse dealers with all kinds of fascinating philatelic items to tempt you, over 320 modern, exhibit frames covering all classes of philatelic exhibits, a Western Postal History Museum luncheon (*) on Saturday, and an **ARIPEX '89** Western-style dinner Saturday night (*), open to all with plenty of Western hospitality. We promise not to cut off your necktie, but better wear a bolo to be sure!

PS — You really don't have to come by airplane. The welcome mat is out for all, whether arriving by AMTRAK, Greyhound, motor car, horseback, camelback, or just plain hoofing it! If you can, come to Tucson early and attend the Western Postal History Museum Postal History Seminar (*) on Thursday, Jan. 12th, which, I guarantee, will be full of Western-style shooting from the hip!

(*)Advance reservation suggested. WPHM seminar and Sat. luncheon call Ruth Gorton at 602-623-6652. For ARIPEX dinner write Kathryn Harvey at 9001 N. Camino Coronado, Tucson, AZ 85737.

CONDITIONS OF SALE

1. Lots are sold to the highest bidder at a slight advance over the second high bid. All bids will be held confidential. "Buy" bids cannot be accepted. In case of tie, the first bid received prevails.
2. All bids are per lots as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect, is returnable, but only within five days of receipt. All disputed lots must be returned intact as received and lots containing five or more items are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. We do not regard covers as defective that have slightly torn or partially missing backflap. This factor is not justification for return of a lot or lots.
4. Successful bidders, unless they are known to us or supply acceptable references in time to be properly checked are expected to make payment in full before the lots are delivered. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account, the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00. In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Richard C. Frajola, Inc. on behalf of the seller.
9. A premium equal to 10% of the successful bid price will be added thereto and is payable by the buyer as part of the total purchase price. The mode of shipment shall be at our option. All forwarding charges will be added to the purchase price.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale. Photocopies of lots are available at 25¢ per copy, maximum 10 copies, and stamped self addressed return envelope required.
11. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
12. Telephone bids are entered when received but must be followed up by written confirmation of the bidder.
13. Unless otherwise noted Catalog numbers refer to current Scott U.S. Specialized Catalog, and other references work as indicated.
14. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

The Pardon Brown Find And The Story Of Snowshoe Thompson

Snowshoe Thompson

We are pleased to present in this auction, the Pardon Brown find of letters and covers (see Cross Reference Index for lot numbers). It was our 1981 Crittenden correspondence auction that we last were able to offer such an important find. Linn's Stamp News broke the story of the Pardon Brown find, in an article by Michael Laurence, on November 7, 1983. The find was purchased by the late N. Leonard Persson of Chicago, Illinois and what follows is Mrs. Persson's account of the find.

"One winter evening February 28, 1983 while preparing dinner, as always, I tuned in the ABC channel 7 news. The late Fayhey Flinn said 'coming up soon, a south side man finds a trunk full of old letters.' For the first time since my early days of collecting Kansas covers I felt a surge of excitement as I caught a brief glimpse of the man Dallas Carr holding a hand full of old letters! As I kept looking out the window for Len to come home, I was in hopes that he had taken the train that would bring him in on time. As he walked through the door with only minutes remaining, I quickly explained the forthcoming story. I could see he too was flushed with excitement as Dallas Carr held the old letters and Len noticed a 10c green stamp, tied by a San Francisco postmark, and knew this was a correspondence that would be of interest in the area of postal history collecting."

"I quickly urged him to call the station and he replied 'wait until I have eaten.' At that moment I picked up the phone and dialed channel 7 in hopes of speaking to the reporter. Being informed he would return my call, Len presided to give his business phone number."

"Upon meeting with Dallas and his wife, Len learned he had been walking past an old house about to be torn down, and offered the job to carry out trash from the basement and keep anything he wished. After discovering the old letters, he then contacted several TV stations and channel 7 was the one to carry the story."

"That evening, as Len and I carefully laid all the old envelopes and letters upon the table, we shared excitement and anticipation as the Pardon Brown story fell into place. We shared a moment of 'one great find' made possible by God, a moment I shall long remember."

Regarding the background of the "Thompson's Carson Valley Express" cover in the Pardon Brown correspondence (lot #494) the Linn's Stamp News story related:

"One of the near mythical figures in the folklore of the American west is the legendary Snowshoe Thompson, a strapping Norwegian who in the 1850's and 1860's carried mails across the Sierra Nevadas on cross-country skis."

"Acting briefly as an official government carrier and more enduringly as a private expressman, Snowshoe Thompson carried mails in the Sierras for at least two decades. Subsequently he attempted, without success, to get Congress to pay him for these services."

"Other carriers also packed mails across the Sierras on skis, and the dates of specific crossings are uncertain. Thus it has not been possible to point to a particular cover and say, without fear of contradiction, this envelope was carried by Snowshoe Thompson."

"A recent find of covers changes this. The envelope (lot #494) is addressed to Pardon Brown of Middletown, R.I. and bears an ornamented oval handstamped marking of 'Thompson's Carson Valley Express'; This heretofore unrecorded express marking was apparently used by Snowshoe Thompson in one of his early forays as a mail-carrying expressman."

Regarding the balance of the find the Linn's Stamp News story continued:

"The letters in the find tell the tale of a group of pioneer brothers—the sons of Pardon Brown—who moved west from Rhode Island in the 1850's."

"The correspondence tells of cattle drives, stampedes, Indian raids, household pets, birth, death and all manner of activities. The brothers got peripherally involved in the Mormon Wars, and some of their on-the-scene observations about Mormon involvement with Indians might well have historical significance"

"When threatened by federal troops in 1857, Brigham Young sent messengers out to the Mormon faithful to get them to return to Salt Lake City"

"Joshua and Peleg, two sons of Pardon Brown, were passing through Mormon territory at that time, and were able to purchase desirable Mormon land claims further west, in the Washoe and Truckee valleys near the California-Nevada border—1,000 acres for \$250"

"Peleg Brown thus became one of the earliest white settlers in the area east of Lake Tahoe, and is mentioned as such in H. H. Bancroft's monumental history of the west"

It is Peleg's correspondence with his parents back home in Rhode Island, as he settled into this beautiful mountainous area, that produced the Snowshoe Thompson cover."

"In a letter written December 17 and mailed Christmas Eve, 1857, from Carson Valley" (lot #328) "Peleg Brown tells of winter moving in. He has had to come down from Washoe Valley to Truckee Valley:"

"The snows have completely closed the mountain roads and the mails are fetched every two weeks across the mountains by a man on snowshoes"

"The best recent information about Snowshoe Thompson appears in the February 1983 issue of 'The Postal History Journal,' in a well-documented article by E. J. B. Allen."

"According to Allen, Thompson's real name was Jon Thoreson Rue. He was born in Upper Tins, Prestijeld, Norway, in 1827. He came with his parents to the American midwest 10 years later, apparently already a skier."

"At about the time Thompson had moved west, a contract for monthly overland mail service between Salt Lake City and San Francisco was awarded to George Chorpennig"

"This route was closed during the winters, because it was not possible to cross the snowy Sierras. Settlers in the mountain valleys would be cut off for months at a time"

"Commencing in January, 1856, Thompson became the vital link in this connection. He began travelling across the Sierra Nevada range, between Placerville, Calif. and Genoa, Nev., in the Carson Valley, where Peleg Brown was just settling"

"This was a three day trip of 90 miles or so, which Thompson made with 50-100 pounds of mail on his back, gliding across the surface on what were then called 'Norway snowshoes'—long, heavy skis that were fastened only at the toe, to provide the maneuverability that kept the feet from freezing"

"According to Allen, Thompson's first pair of skis—which he carved himself and which may well have been the first cross-country skis in the Rockies—were made of oak, weighed about 25 pounds, and were over 10 feet long. Instead of poles, he used one thick staff"

"As to Thompson's fate, the sources are silent. Peleg Brown died in September 1878, at the age of 42"

MANUSCRIPTS

- 1 **The Pardon Brown correspondence.** A highly important group of 80 letters, written between 1857 and 1866, from various members of the Brown family written from what is now Nevada to family members living in Rhode Island. Also approximately 100 letters written from Rhode Island, Georgia or California by various family members between 1850 and 1880. Peleg and Joshua Brown, sons of Pardon Brown, arrived in the Washoe Valley of Nevada in September, 1857 while the area was part of Utah Territory. The brothers were engaged in cattle ranching activities in the area and bought a ranch in Steamboat Valley in 1858.
 The 80 letters written from what is now Nevada, are largely dated from the 1858 to 1862 period and deal at great length with Mormon difficulties, relations with the Indians and cattle ranching. Although to a lesser extent, the letters do include significant references to the gold discoveries, the vigilantes, early politics, difficulties in mail handling, and provide an exceptional view of family life on the frontier.
 The most important Mormon content is related in the earliest letters written while on a cattle drive to Washoe Valley and immediately after arrival there in the fall of 1857. These letters include a first hand account of two well armed Mormons leading a band of 100 Indians "the Mormons told the train that they had got to let the Indians have their blankets and some horses...also made the train pay the Mormons \$150 pretending that they were making a treaty." Other letters include mention of Mormon fights with U.S. troops, their effect on emigration, their activity as anti-vigilantes, etc.
 The Indian related content deals largely with trying to peacefully co-exist with the various Indian tribes. Although Indian threats and wars are mentioned a more typical letter is that which mentions the Piute Chief who "said he wanted some white man to build him a house—if they would he would show them a gold mine. The Piute and Wassau are about to have a fite. The Piute Chief say if the white man will furnish them with arms that they will kill the last one of the Wassau." Other letters describe, for example, how the Indians provide them with venison for the winter.
 The balance of the letters include correspondence from the sons while they were merchants in Savannah, Georgia before going to Nevada, letters written on cattle drives or trips home. Several are from Kansas Territory, Missouri or written on board ship. Later letters include many dated from California. There are a few letters from Mrs. Brown written from Rhode Island to her family in Nevada.
 An exceptional correspondence of importance from several different perspectives regarding early Nevada.
