CONDITIONS OF SALE

1. Lots are sold to the highest bidder at a slight advance over the second high bid. All bids will be held confidential. "Buy" bids cannot be accepted. In case of tie, the first bid received prevails.
2. All bids are per lots as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect, is returnable, but only within five days of receipt. All disputed lots must be returned intact as received and lots containing five or more items are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. We do not regard covers as defective that have slightly torn or partially missing backflap. This factor is not justification for return of a lot or lots.
4. Successful bidders, unless they are known to us or supply acceptable references in time to be properly checked are expected to make payment in full before the lots are delivered. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account, the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00. In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Richard C. Frajola, Inc. on behalf of the seller.
9. A premium equal to 10% of the successful bid price will be added thereto and is payable by the buyer as part of the total purchase price. The mode of shipment shall be at our option. All forwarding charges will be added to the purchase price.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale. Photocopies of lots are available at 25¢ per copy, maximum 10 copies, and stamped self addressed return envelope required.
11. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
12. Telephone bids are entered when received but must be followed up by written confirmation of the bidder.
13. Unless otherwise noted Catalog numbers refer to current Scott U.S. Specialized Catalog, and other references work as indicated.
14. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

KEY TO CATALOG

This is an auction of postal history; all lots are covers, entires, or folded letters as noted unless otherwise stated.

Condition

Condition grades mentioned in the description refer to overall appearance of the item. On covers bearing adhesives, expect normal average centering or margins for the particular issue, only when adhesive condition is above the normal will it be specifically described. File folds on folded letters that do not detract from appearance are not mentioned, nor are missing back flaps on covers if no postal markings are affected.

extremely fine—the best possible condition

very fine—pleasing appearance with all markings well struck

fine—average appearance for period, markings readable

about fine—somewhat below average, markings partially readable

Estimates

Following each lot is an estimate of what, in the auctioneers opinion, the lot should realize. This is provided as a guide to bidders. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding. Cat. when noted refers to catalog value rather than estimate.

Telephone Bids

Late bids may be placed by phone, on the day of the sale, by calling the Danbury Hilton Inn at (203) 794-0600. Please ask for Postal History Auction extension.

1869 ISSUE POSTAL HISTORY

The most frequently met with domestic postage rates which were in effect from 1869 to mid 1872 are summarized below. They are primarily those set forth in the Act of March 3, 1863 with the revision in drop letter rates from the Act of March 3, 1865 and the reduction of registration fee to 15¢ from Act of January 1, 1869.

The Post Office Department circular of March 1, 1869 announcing the 1869 issue is reproduced on last page of catalog. Of special interest is the sentence which mentions that requests for the new issue will be disregarded until stocks of the 1867 issues in possession of the Department are exhausted. This explains the varying earliest known dates of usage for different denominations.

What! shall our banner drop as that
While Lafayette's name is still
When, though the banner falls to earth,
Its spirit, it lives in the heart of each
And some in waving arms will
Send the noble old General's name
That Canada sent as his troops were
Joules your heart to that of ours
The gallant and brave shall never be high
In the hearts of the brave, for we will
From the French, and the British, and the
With glad hearts tell your kind words

Our father's faith let us keep till death.
Their name in its glorious splendor.
As men who stand for their mother land.
And die, but never surrender.
With the Cannon's faith, with the Cannon's

With the Cannon's roar and native.
Let Freedom's sons, with their gleaming

Post Office Department,
Finance Office,

March 1, 1869.

Sir:

At an early day, in the regular course of business, the Department will issue to Postmasters Postage Stamps of new designs. *See description annexed.*

In the proposed issue the six-cents stamp is substituted for the five-cents.

You are required to exhaust all of the present style on hand before supplying the public with the new; and in no case will you be allowed to make exchanges for individuals, or to return stamps to the Department to be exchanged.

The stamps now in use are not to be disregarded, but must be recognized in all cases equally with the new ones.

Special attention is called to the fact that sheets of all denominations below 15 cents contain 150 stamps. The 15 cents, and all higher denominations, contain 100 stamps on each sheet. This must be borne in mind to prevent mistakes in counting, as in the present issue each denomination has but 100 stamps to the sheet.

Special requests for the new style of stamps will be disregarded until the stock of the present issue in possession of the Department is exhausted.

Due notice will be given of the date of issue of any new design of stamped envelope, therefore all inquiries respecting them will be disregarded.

A. N. ZEVELY,

Third Assistant P
