CONDITIONS OF SALE

1. Lots are sold to the highest bidder at a slight advance over the second high bid. All bids will be held confidential. "Buy" bids cannot be accepted. In case of tie, the first bid received prevails.
2. All bids are per lots as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect, is returnable, but only within five days of receipt. All disputed lots must be returned intact as received and lots containing five or more items are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. We do not regard covers as defective that have slightly torn or partially missing backflap. This factor is not justification for return of a lot or lots.
4. Successful bidders, unless they are known to us or supply acceptable references in time to be properly checked are expected to make payment in full before the lots are delivered. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of $1\frac{1}{2}\%$ per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account, the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00. In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Richard C. Frajola, Inc. on behalf of the seller.
9. A premium equal to 10% of the successful bid price will be added thereto and is payable by the buyer as part of the total purchase price. The mode of shipment shall be at our option. All forwarding charges will be added to the purchase price.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale. Photocopies of lots are available at 25¢ per copy, maximum 10 copies, and stamped self addressed return envelope required.
11. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
12. Telephone bids are entered when received but must be followed up by written confirmation of the bidder.
13. Unless otherwise noted Catalog numbers refer to current Scott U.S. Specialized Catalog, and other references work as indicated.
14. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

Condition

Condition grades mentioned in the description refer to overall appearance of the item. On covers bearing adhesives, expect normal average centering or margins for the particular issue, only when adhesive condition is above the normal will it be specifically described. File folds on folded letters that do not detract from appearance are not mentioned, nor are missing back flaps on covers if no postal markings are affected.

extremely fine—the best possible condition

very fine—pleasing appearance with all markings well struck

fine—average appearance for period, markings readable

about fine—somewhat below average, markings partially readable

Estimates

Following each lot is an estimate of what, in the auctioneers opinion, the lot should realize. This is provided as a guide to bidders. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding. Cat. when noted refers to catalog value rather than estimate.

Telephone Bids

Late bids may be placed by phone, on the day of the sale, by calling the Danbury Hilton Inn at (203) 794-0600. Please ask for Richard C. Frajola, Inc. extension.

You are particularly to avoid even the appearance of using force or sedition with a view to deprive such vessels of their crews, or of their passengers, other than persons in the military service of the enemy.

3. Towards enemy vessels and their crews, you are to proceed, in exercising the rights of war, with all the justice and humanity which characterize the nation of which you are members.

[illegible]

The document is a heavily degraded, high-contrast scan of a page, likely from a historical record or legal document. The text is mostly illegible due to extreme contrast and noise. Visible fragments include:

- At the top left: "En Testamento de los dos..." (In the testament of the two...)
- At the top center: "En Testamento de los dos..." (In the testament of the two...)
- At the top right: "En Testamento de los dos..." (In the testament of the two...)
- Below the top right: "En Testamento de los dos..." (In the testament of the two...)
- Below the top center: "En Testamento de los dos..." (In the testament of the two...)
- Below the top left: "En Testamento de los dos..." (In the testament of the two...)
- At the bottom left: "En Testamento de los dos..." (In the testament of the two...)
- At the bottom center: "En Testamento de los dos..." (In the testament of the two...)
- At the bottom right: "En Testamento de los dos..." (In the testament of the two...)

 The document is characterized by large, dark, irregular shapes that obscure much of the original text, suggesting significant damage or poor preservation.

By the President
12
Secretary of State

[The page contains two columns of handwritten text in French, which appears to be bleed-through from the reverse side of the document. The handwriting is cursive and somewhat difficult to decipher due to the angle and quality of the scan.]

The image shows a historical document, possibly a check or receipt, mounted on a dark background. The document is oriented horizontally but contains text that is upside down relative to each other. At the top (which would be the bottom if read normally), there is a large, circular seal or stamp. Below this, there are several lines of handwritten text in cursive script. One prominent signature appears to be "J. B. [illegible]". To the right of the seal, there is a small, rectangular stamp that reads "PAID". The document is surrounded by a dark border, and there are some faint, illegible markings on the left side.

MONTANA

Montana Territory was created by an Act of Congress on May 26, 1864. The portion east of the mountains had been part of the Missouri Territory (1812), Nebraska Territory (1854), Dakota Territory (1861) and Idaho Territory (1863). The part west of the mountains had been part of Oregon Territory (1848), Washington Territory (1853) and Idaho Territory (1863). In 1867 there were only 23 Post offices in the Territory, by 1876 there were 95.

Montana was admitted to the Union as a state on November 7, 1889. In the group which follows all but the first lot are from the Territorial period.

WEST VIRGINIA

West Virginia was admitted to the union as a separate state on July 20, 1863. Prior to admittance there had been several agitations, dating back to 1776, for the creation of a separate state for the area west of the Alleghany mountains. After Virginia voted to secede from the Union on April 17, 1861 conventions were held at Wheeling. On June 19, 1861 a reorganization act was passed. Two separate state governments operated from that date until statehood.

During the Civil War the area was the scene of frequent battles and several cities alternated between U.S. and C.S.A. control. The cities along the B. & O. R.R. were especially contested and Harper's Ferry changed hands some 17 times during the war.

In the section which follows all towns are considered to be West Virginia if they are now part of the state even though at the time of usage they may have been in Virginia.
