ANNUAL ADVERTISER

SCOTT'S PANACEA.

THE diseases of the absorbent system have hitherto baffled the researches of medical men, and exposed the fallacy of nosological arrangements. The various affections of the glands, hitherto unsuccessfully treated according to the rules of a false pathology, have at length become manageable under the use of the PANACEA.—This medicine has been found eminently serviceable in the following diseases: viz. Scrophula, or King's Evil; Consumption, especially the Tubercular; Ulcers; Caries of the Bones; Rheumatism; Syphilitic and pseudo Syphilitic.

Scrophula has been considered as incurable by the medical profession. In its local developments it frequently follows injuries of the joints, and gives rise to a species of *white swelling*. Deafness frequently arises from a scrophulous state of the ear.

Consumption depends more frequently than is supposed on a low kind of inflammation; hence it is that the usual mode of treatment is not only inefficacious but destructive.

The injudicious use of Mercury has so modified the appearances of syphilitic disease, that scarcely two writers agree on its symptoms and mode of cure. These modifications are so closely connected with a stumous state of the system, that the Panacea offers as the most suitable remedy.—The cures effected, in the above named diseases, by this medicine, prove more than millions of theories.

The Panacea is not unpleasant to the taste; requires no alteration in the usual habits of life except an abstinence from spirituous liquors;—it acts on the liver, that mammoth gland of the system, alters its vitiated secretions, calms the irritability of the stomach, and strengthens the appetite; purifies the blood, induces a healthy action of the skin, and produces that happy equilibrium which constitutes HEALTH.

Price One Dollar per bottle—each bottle with my signature and label and seal on the cork.—Printed directions accompany the medicine.

E. T. SCOTT,

No. 61, North Eighth Street, Philadelphia.

TO THE READER.

A correct Directory has been a great *desideratum* with the public for some years past. The publishers pledge themselves that the names in the present one have been carefully taken from door to door, and whatever errors may have occurred must be principally ascribed to removals, false information given at the door, the errors of the press or of transcribing. The delay of the publication of the Directory until the present time has been occasioned by causes beyond our control, and we hope on a future occasion to receive more prompt, speedy and correct answers to our enquiries than we have had occasion to complain of in some quarters in compiling the present one. Enrolling, militia fines and collecting taxes, are ideas which have had a considerable effect in retarding our operations, and to some the thought of a Sheriff or constable has raised a feeling that until our business was explained, even the bravery of a Cæsar or a Bonaparte could not allay. Should the accuracy of this be such as to warrant public patronage, we shall be induced to continue it annually and perhaps open an office for the purpose of receiving and giving every information on the subject. The public may rest assured, that they will not be imposed upon by surplus copies of an old directory, with removals, &c. or changes copied from the assessors' books, borrowed from the county commissioners. A number of names have not been taken, but intentionally omitted, because their publication would only serve to increase the bulk, expense and trouble of the work, with no other utility. Frequency of removal and intention to leave the city was our inducement. We have adopted the 8vo. size as the best. Two of our pages at one view, presents as much as five in the old ones, and our paper it will be seen is of a better quality than has heretofore been given, and we hope that our endeavors will meet with the public approbation.

Situated on the square between Spruce and Pine and South Eighth and Ninth streets, was incorporated and endowed in 1751. The west end was begun in 1755. The square, 396 by 468 feet, contains about 4 acres, and is enclosed by a high brick wall, and fronted on the south in part by an iron railing. There

is a vacant square to the east and a half one to the west, the whole about 13 acres. The centre is an elegant building of a 64 feet front, lighted from the top by a sky-light to the room for surgical performances. The ward east of this is 80 feet long and 27 deep, crossed north and south by a wing 110 feet

long, the centre of which is raised one story and topped by a cupola. The ward west of the centre has the same extent in front as the east ward, but is 34 feet deep and is crossed on the west by a wing similar to that on the east. The whole extent of the building from east to west is 278 feet. The interior of the square is laid out into gardens, grass plots, gravel walks, hedges, &c. with much taste. In the area front of the centre building, is a leaden bronzed statue of William Penn, on a marble pedestal, holding a scroll with a part of the first sentence of the charter of privileges thereon; this was presented in 1801 by John Penn. The apartment for venereal patients is a separate building in the rear of the east wing on 8th street. The out-houses are a stable, smoke house, ice-house, fire engine house, and others. The lunatics have their apartments in the wing and ward west of the centre. The rooms are appropriated, 8 in the centre for steward, matron, and attendants; 10 in the west wing and ward for domestics; 16 in the east for lunatics; 23 for sick and wounded; 4 for wash-house, bake-house, and kitchens; 1 for the cell-keeper and wife; a theatre for surgical operations; 2 for bathing rooms; 1 for the managers; 1 for the library; 1 for the contributors; 1 for the museum, and 1 for the apothecary's shop, making in all 130 rooms. There is also a lying-in apartment for married women and one for foundlings, established in 1801. The corporation is styled "Contributors to the Pennsylvania

Hospital." One who bestows *ten pounds* is called a Contributor—a sum less is called a Donation. The contributors have perpetual succession, and elect annually 12 managers, treasurer and all other officers, to whom the affairs of the institution are confided—Admission 25 cents.

In the rear of the square on Spruce street, is erected a convenient building, drafted by the donor, for the exhibition of the celebrated picture of Christ Healing the Sick, painted by the late Sir Benjamin West, president of the Royal Society of Great Britain, a native of this state, and presented to the Hospital. HARBOUR REGULATIONS.

Every vessel arriving from, or bound to, a foreign port, is required by law to receive a pilot; or, to pay half pilotage in the Warden's office, where the master of every such vessel is required, under a penalty of 10 dollars, to make report within 36 hours after his arrival, and again before his departure, signing his name to said report in the Warden's book.

Every vessel of 75 tons and upwards, arriving from, or bound to, any port within the United States, and the master of all such vessels are bound as above.

The pilot of every vessel is required to inform the master of his having to report at the Warden's office.

All vessels obliged to receive a pilot, are required to pay \$10 in addition as winter pilotage, from the 20th of November to the 10th of March, both days inclusive.

Foreign vessels, *i. e.* French, Spanish, Portuguese, Neapolitan, Danish, Russian, South American and Haytien, to pay \$2 67 cents in addition to other pilotage.

Every pilot, detained more than 24 hours, by any master, owner or consignee, is entitled to \$2 per day for every day he is so detained.

Every pilot detained more than 48 hours by the ice, after he has conducted his vessel to a place of safety, is entitled to \$2 per day for every day he is so detained.

Every pilot, compelled to perform quarantine, is entitled to 2 dols. per day for every day he is so detained, and cannot be discharged in less than 6 days without his consent.

Every pilot, obliged by the ice, or stress of weather, to proceed to another port, is, when there, entitled to his pilotage; and if there discharged, to 8 cents a mile for every mile he has to travel home.

Every pilot is required, under a penalty of 12 dols. to make report within 48 hours, at the Warden's office, of every vessel he conducts to the city.

If any master, or captain of any ship or vessel, or other person, shall refuse or neglect to comply with the directions of the harbour master, in matters within the jurisdiction of his office; such person shall, for each and every such offence, severally forfeit and pay any sum not exceeding 100 dols. And the said harbour master shall, in full compensation for his services, be entitled to have, recover, and receive, from the master, captain, owner, or consignee, of each and every ship or vessel, arriving at the port of Philadelphia (coasting vessels not exceeding the burthen of 75 tons excepted) the sum of 1 dol. for each and every voyage by such ship or vessel performed, and no more.

Every ship or vessel that may arrive in this harbour, and that shall come to anchor in the stream, any where between Almond and Vine streets, having previously caused her gunpowder, if any she had on board, to be landed as the law directs, may remain in that situation 24 hours and no longer, taking care to lay as near to the island, or sand bar, as may be consistent with her safety. But, if from the circumstance of a vessel having servants on board, or from any other cause, it may be thought necessary or convenient to lay a longer time in the stream, then, and in every such case the owner, master, pilot, or other person, having the charge or direction of such vessel, shall remove her from opposite the city, and shall moor her, or cause her to be moored to the northward of Vine st., with one anchor and cable up, and one anchor and cable down the stream; and in both the above mentioned situations, the regulation contained in the next succeeding article to be duly attended to.

If any vessel, properly moored in the stream, shall have her anchor or cable overlaid by another vessel, in anchoring or mooring, the master or person having the care or direction of such last mentioned vessel, shall immediately, or as soon as may be, after application made to him by the party aggrieved, cause the said anchor or cable, so overlaying, to be taken up and cleared.

When any ship or vessel shall be hauled in to any wharf or dock, or alongside of another vessel that may be lying at such wharf or dock, the owner, master, pilot, or whoever

may have the command, care or direction of her, shall have her securely made fast; and if outside of another vessel, shall get one good fast from each end of the vessel to the shore, with sufficient fenders between them and the inside vessel, and shall cause the fews of their anchors to be taken on board, and within 24 hours thereafter to cause her jib-boom, sprit-sail yard, main boom, spanker and ring-tail booms, if any they have, to be rigged in, and their lower yards topped up, in such a manner as least to interfere with vessels passing.

If the fasts of vessels when moored at a wharf, shall extend across a dock, so as to obstruct the passing and repassing of shallops, lighter or other craft or vessel, the master, or other person having the command of such ship or vessel, shall, upon the first application, immediately cause such fast or fasts, to be cast off, or slacked down.

No outward-bound vessel, putting off from a wharf, shall lay longer in the stream between Vine street and Almond, in the district of Southwark, above mentioned, than 24 hours. And if vessels lying at the end of wharves so much interlock with each other as to prevent vessels hauling in and out of the docks, the master, owner, pilot, or other person having the charge of the same, shall, immediately on application from any person so wanting to haul his vessel in or out of the dock aforesaid, have the vessel or vessels, so interfering, moved in such a manner as to accommodate the one applied for; in which case the vessel making room for another to haul in or out, shall have liberty to make her warps fast to the most convenient place adjacent, for a reasonable time, and that all sea vessels, when transporting or wanting to haul in to a wharf or dock, or to make sail in order to proceed to sea, shall have the same privilege.

When any ship or vessel may be lying alongside any wharf, and not actually taking in or discharging, she shall make way for, and permit any vessel, that wants to unload or load, to come inside next the wharf, until she discharges or loads her cargo; and the said vessel when so discharged or loaded, shall haul outside and give way to the vessel that first occupied the wharf; provided, that from the 10th day of December to the 1st of March, no vessel shall be compelled to move from her birth, (only those at Gloucester Point Piers,) excepting to let vessels in and out of docks.

No ship or vessel loading or discharging hemp at any wharf, or within any dock, shall be allowed to have any fire on board; neither shall any vessel laying outside or near her, be permitted to have fire on board, while it may be considered dangerous. And no tar, turpentine, rosin, or pitch, shall be heated on the wharf, or on board any vessel lying at any wharf within the limits of the city.

Letters must be left at the post office within the time specified to insure their going in the mail of the day, and newspapers half an hour before the time. As there are several places of the same name in the United States, it is necessary that the directions should be particular; the states should be distinguished and when it might otherwise be doubtful, the counties. When letters are not for a post town, the nearest post-town ought to be mentioned.

The office is open daily, from sun rise to sun set, except on Sundays, the Fourth of July and Christmas day, when it opens from 8 to 9 o'clock, A. M. and from 1 to 2 o'clock, P. M.

Persons wishing to pay postage when the office is shut, can enclose the money with the letter, directed to "The Post-Office." Those who keep accounts with the carriers, or office, will please to enclose the letter directed in the same manner, with a request that the postage be charged to their account.

EXTRACT FROM THE POST OFFICE LAW.

SECT. 14. *And be it further enacted*, That no ship or vessel arriving at any port within the United States where a Post Office is established, shall be permitted to report, make

entry, or break bulk, until the master or commander shall have delivered to the postmaster all letters directed to any person or persons within the United States, or the territories thereof, which, under his care, or within his power, shall be brought in such ship or vessel, except such as are directed to the owner or consignee of the ship or vessel, and except also such as are directed to be delivered at the port of delivery to which such ship or vessel may be bound. And it shall be the duty of the collector, or other officer of the port, empowered to receive entries of ships or vessels, to require, from every master or commander of such ship or vessel, an oath or affirmation, purporting that he has delivered all such letters except as aforesaid. And if any commander or master of any ship or vessel shall break bulk before he shall have complied with the requirements of this act, every such offender shall on conviction thereof, forfeit, for every such offence, a sum not exceeding one hundred dollars.

SECT. 15. *And be it further enacted*, That the postmasters to whom such letters may be delivered, shall pay, to the master or commander, or other person delivering the same except the commanders of foreign packet, two cents for each letter or packet, and shall obtain, from the person delivering the same, a certificate, specifying the number of letters and packets with the name of the ship or vessel, and the place from whence she last sailed, which certificate, together with a receipt for the money, shall be, with his quarterly accounts, transmitted to the postmaster general, who shall credit him with the amount.

Sect. 4 And be it further enacted, That the drawback allowed by law on plain silk cloths, shall be allowed, although the said cloths, before the exportation thereof, shall have been coloured, printed, stained, dyed, stamped or painted in the United States. But, whenever any such cloths so imported, shall be intended to be so colored, printed, stained, dyed, stamped, or painted, and afterwards to be exported from the United States, with privilege of drawback, each package thereof shall, before the same shall be delivered from the public stores, be opened and examined by an inspector of the customs, and the contents thereof measured or weighed, and the quality thereof ascertained, and a sample of each piece thereof reserved at the custom-house; and a particular account or registry of such examination, describing the number of pieces in each package, their weight or measure, and the samples thereof reserved, shall be entered in the books of the custom-house; and, after such examination, said goods shall be repacked in the original package, and the said original package shall be marked with a custom-house mark.
